Strategic Priorities & Objectives 5-9

Introduction

Glasgow Kelvin is a College located in the heart of the communities of North and East Glasgow ... which believes in its Vision, 'Transforming Lives Through Education' and in the strength of its shared Ethos and Values.

In delivering our People Strategy we will build an organisation that thrives through our Strategic Objectives. Nurture a culture of innovation, collaboration, inclusion and teamwork to deliver excellence and realise ambition through our people.

Our People Strategy for 2021–26 'build an organisation that thrives' clearly states that the core strength of our College is our people. Attracting the best staff to work for Glasgow Kelvin College and with the communities that we serve will assist us in delivering our strategic priorities in Transforming Lives Through Education and in ensuring we provide a consistent excellent learner journey for our students. Investing in all our people across our managerial, teaching and support services will ensure we create a true Glasgow Kelvin inclusive community team and a sustainable College.

We will continue to create and maintain an environment that attracts and retains the best staff and has in place the conditions and structures to enable all of our staff to fulfil their career ambitions in a College that is not only 'right' for them, but also challenges them and supports their personal and professional development.

Our staff want to succeed, and the College will work with them to achieve their objectives in a progressive, collaborative and healthy environment.

Strategy Purpose:

Our People Strategy sets out five inter-related strategic objectives, which will support the delivery of our overall strategic ambitions contained in our Strategic Plan and will further embed our ethos and values.

Our Aims

Attract and recruit the best staff representative of an agile and diverse workforce:

Recruiting the best staff is a key driver of future success of the College. Glasgow Kelvin aspires to be an employer and partner of choice delivering a high quality service to create a sustainable future. To achieve this ambition we must continue to attract talented and capable staff in management, teaching and support areas

Develop and support our staff to fulfil their potential and meet their career aspirations:

The core strength of the College it its people. Training developing and supporting our staff to achieve their career ambitions and the strategic objectives of the College is crucial

Retain and reward our staff through recognising their contribution in the delivery of the Colleges priorities:

We want to create an environment in which our staff can grow and succeed and where they can see (and are rewarded for) an alignment between their overall contribution and the success of the College

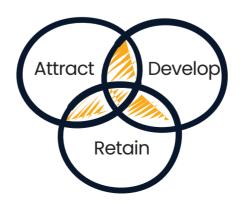

Promote and secure excellent leadership and management:

Our mutually supportive team of leaders and managers will create an environment where our staff and students achieve success. As a result, the College continues to grow and meet our strategic priorities.

Create and maintain a progressive, collaborative and healthy working environment:

Create a progressive, collaborative and healthy working environment which is beneficial to both the staff and student experience

Our Ethos and Values

Performing to the highest standard to lead and deliver enterprise, progression and excellence. Doing the right thing in an honest, ethical and transparent manner.

Fostering the development of new ideas and implementing innovative solutions.

professionalism

Integrity

Strategic Priority 5.

We Will

Nurture a culture that works with partners to achieve ambitions

Work collaboratively with our managers to tailor their workforce profile to deliver our curriculum to meet the diverse needs of our communities and partners

Enhance our position as the service provider of choice through designing a curriculum that meets the needs of our partners and delivering it through our skilled, experienced and talented workforce

Deliver opportunities for effective cross partnership working and mutual benefit to build on each other's success

Create opportunities for our staff to build resource capacity through robust curriculum development aligned to the needs of the labour market Key measures

Key measures of success/impact

Regional Outcome Agreement (achievement of targets)

Feedback from external partners (Curriculum Operational Plan)

Student enrolments, retention and attainment rates

Student Satisfaction Survey

Opportunities for partnership working and collaboration (Operational Plans)

At Glasgow Kelvin College we are fortunate to have such a talented, skilled and dedicated team and we enjoy a well-deserved reputation for the support we provide to our communities, employers and students we serve.

Our People Strategy is owned and delivered throughout the College and leaders and managers will play a key role in its delivery – guided by the annual strategic and operational planning process. Each Operational Plans developed with specific objectives, activities and success measures. We will also develop our understanding of how the specific success measures contained within our People Strategy impact on our wider measures of organisational success (for example student satisfaction, retention and to inform the achievement) HR and implementation process and our operational planning process.

Our Human Resources (HR) and Organisational Development Operational Plan and support will be aligned to assist the senior management team in delivering their objectives that relate to people management. Alongside the implementation of the People Strategy HR Department will also continually ensure we get the basics right across the range of services we deliver and offer timely support, guidance and training to managers and our staff across the College.
